- Front entrance** of dwelling must face the main road.
- Removal and replacement of any pavement** - will be at the expense of the owner. Down-payment is required.

BUILDING HEIGHT					
Residential		Accessory Building		Commercial	
Maximum Building Height	8 m	Maximum Building Height	3 m	Maximum Building Height	10 m

LOT AREA, FRONTAGE and LOT COVERAGE			
Residential		Proposed Servicing	
Minimum Lot Area	875 m ²	With a municipal piped water supply, and connection to a municipal sewer	875 m ²
Lot Coverage (%) (maximum total of all buildings)	33 %	With a municipal piped water supply, and sewage disposal by septic tank and tile field	1400 m ²
Floor Area (m ²) (minimum)	70 m ²	With a well water and connection to a municipal sewer	1400 m ²
Accessory Buildings (%) (maximum)	7 % (55m ²)	With a well water supply and sewage by septic tank and tile field	1860 m ²
Frontage Serviced Lots (m) (minimum)	25 m		

ACCESSORY BUILDINGS (INCLUDE SHEDS / GARAGES / OUT-BUILDINGS / GREENHOUSES / WOOD SHED / GAZEBO / ETC) – Location of all out-buildings **MUST** be shown on plot plan. All accessory or out-buildings **require** inspection before roof truss are installed to confirm maximum height has not been exceeded. Contact the Town office to make arrangements and to confirm setbacks for accessory buildings. All accessory buildings must be painted appropriately to match surroundings within one-year of completion, or re-application is required. Check with the Town Office for required setbacks.

WATER LINES / CONNECTIONS / VALVES	SEWER AND SEPTIC SYSTEMS
Main water lines must be at least 3/4 inch copper pipe or plastic, suitable to 150 psi.	Back water valve must be installed on all sewer lines leading from the property.
Pressure Regulating Valves must be installed on all incoming water lines.	Septic tanks must be designed by a qualified person and inspected and approved by the Government Service Centre
It is recommended that an anti-syphon valve be installed on your water line to prevent water from syphoning back into the water mains when they are drained for any reason.	Hot Water Tanks – Must be equipped with a Pressure Relief Valve and vented into a floor drain

- VARIANCES** – The maximum allowable variance is 10%. All variances must be advertised in the local newspaper and be given final approval by Council before any development or work can take place. Cost of advertisement is at the resident’s expense.
 - INSPECTIONS** – All development / construction / alteration / repair is subject to inspection by the Town Staff. Fire Inspections are available from the Fire Department by contacting the Town Office.
 - OCCUPANCY PERMIT** - New homes, apartments or condos requires an OCCUPANCY PERMIT, prior to being occupied. Contact the Town Office to make arrangements. Fee: \$50.00
 - Fences**, if erected, must be a minimum of 25 feet (7.72 m) from each side of road centre - maximum 6 feet (1.97 m) in height. Design to be approved by Council.
 - Driveways / Roads / Ditches** – New driveways, or access roads must be approved by Council. The in-filling of ditches may be permitted upon approval from Council. Culverts (minimum of 16" (40.6 cm)) must be used. Any problems arising from placement of culverts will be the homeowner’s responsibility.
 - SWIMMING POOLS** – Permit must be obtained for all domestic swimming pools within the boundaries of the Town of Steady Brook.
 - Swimming pool specifications must be submitted to the Town office and are subject to all other laws and ordinances.
 - Swimming pools shall be a minimum of 4 feet (1.22 m) from the property lines at the back and the sides, measured from the outside edge of the pool, and will not be allowed upon any right-of-way, or easement.
 - Any in-ground pool shall be located behind the minimum set-back line from the street.
 - All swimming pools shall be completely enclosed to prevent uncontrolled access from the street or adjacent property.
 - Any wall or fence used to enclose such swimming pool shall be a minimum of 6 feet (1.97 m) high and shall be constructed as to prevent easy access either through or over it. Any gate through this enclosure must be lockable.
 - The copy of the Electrical Inspection from the Government Service Centre, Department of Services and Lands Electrical Inspection Division must accompany the application.
 - Drainage approval must be obtained from the Town of Steady Brook, and subject to Department of Health / Environment approval. Filtering system must meet Department of Health requirements.
- Permits are required for the following:**
- Replacing roof shingles (no fee), Replace siding (no fee), Erect fence (no fee), Retaining Wall (no fee), Demolition (no fee)
 - Building renovations (Interior and exterior), Alarm System Installation
 - Building Extensions, Building Construction, Building Repairs, Building Relocations or Removal

- **All permits** requiring Department of Health or other Government Department approval will be considered as ‘pending’.

PERMIT EXPIRY DATE: TWO YEARS MAXIMUM FROM DATE OF APPROVAL or re-application is required.

PERMITS MUST BE PLACED IN VIEW, FOR INSPECTION PURPOSES (i.e front window).

- **STOP WORK ORDERS** – Can be issued by the Town for any violation contrary to the Development Regulations.

NOTE: You are advised that the granting of this permit shall not in any way relieve the owner and the developer from full responsibility for carrying out the work, or having the work carried out in accordance with the requirements of the regulations, and any person who carries out any development of building work that is not in compliance with this decision and the regulations, may be subject to an Order by Council to stop such work, and that failure to comply with such an order renders such a person liable to prosecution.

PROCESSING PROCEDURE

Step	Item	Details
1	Application	Land Developer is required to fill out an application, and provide the following information for Residential and Commercial <ul style="list-style-type: none"> • Copy of land survey for the proposed property, and land deed • Scaled plot plan showing: (1) location of proposed development in relation to all boundaries; (2) distance from adjacent roads; (3) location and dimensions of the proposed building or structure; (4) location of all decks, sheds, gazebos, garages, pools (including water and sewer lines); (5) parking lots; (6) or any other structure; For Commercial: Copy of Engineering Drawings, including; Floor Plans, Basement Plans, Roof Detail, Plans for water and sewer, architectural, electrical, plumbing, heating, ventilation.
2	Administration Processing	The Town Office Administration will review the completed application. The application will have to be in compliance with the Town’s Municipal Plan and Development Regulations. The Administration will make recommendations to the Council, either to approve or reject the application. The Administration can approve applications for renovations or repairs to the value of \$50,000, or in an emergency situation. All new construction and construction exceeding \$50,000 will require Council approval. Sub-division of property requires approval of Council.
3	Council Processing	Processing will take place during a regular Meeting of Council, which is normally held once a month. The application will be reviewed and a Motion made by Council either to approve or reject the application. ‘Approval in Principle’ or ‘Conditional Approval’ can also be granted by Council, depending on the application.
4	Written Correspondence	After Council’s decision, the Administration will notify applicants with information regarding the approval, conditional approval, rejection or approval in principle.
5	Approval or Conditional Approval	The Applicant will be required to meet all conditions, and/or the requirements of the Municipal Plan and Development Regulations for approval, prior to any permit being issued. All fees must be paid in advance.
6	Rejection of the Application	If the Applicant’s Proposed Development is turned down by Council, the following process must be followed: <ul style="list-style-type: none"> • Applicants can Appeal Council’s decision, within 14 days of the rejection notification from Council. • Appeals can be registered with the Western Regional Appeal Board (Tel. 709-729-3088). • Appeal Applications are available at the Town Office. • Fee for the Appeal is \$115.00 (HST Inc.), payable to the Appeal Board, Newfoundland Exchequer.
